

# Interactive Media Design and Data Visualisation

## CA 2

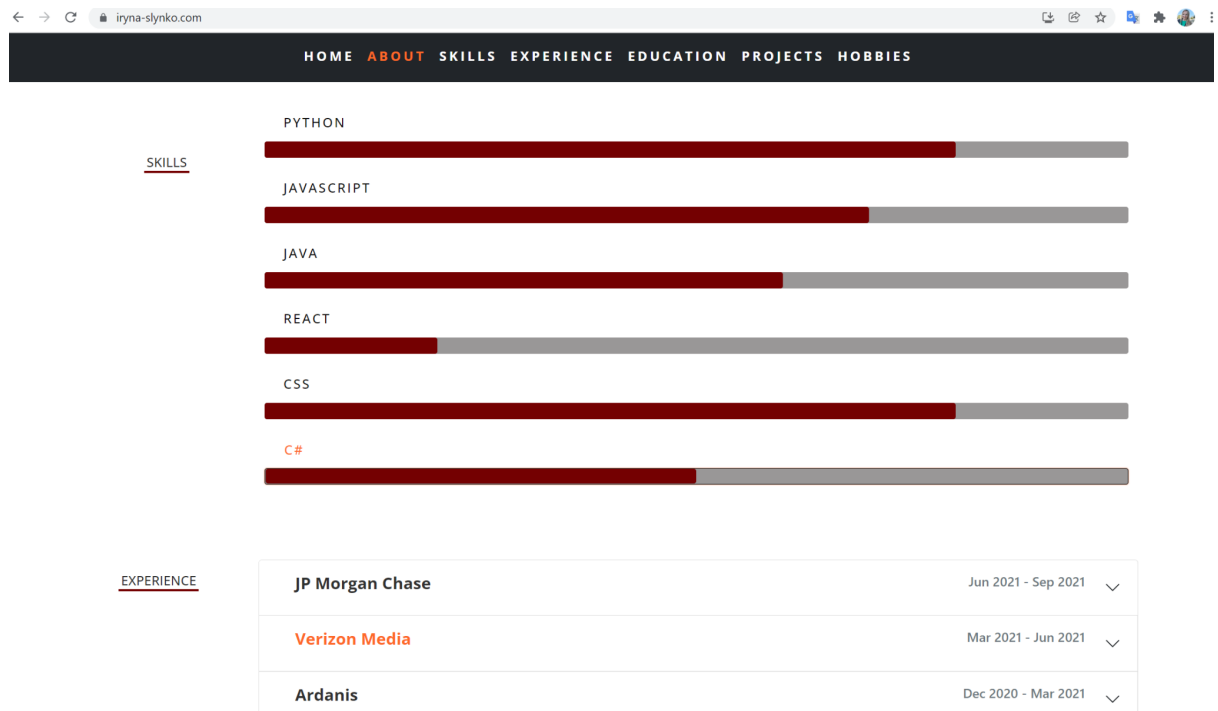

### Portfolio Website Features:

Our website is hosted on GitHub and available at [iryna-slynko.com](https://iryna-slynko.com)

- Website menu is always on top of the page. The current page tab is indicated by the changed color for orange. When you hover over the mouse over the other tab it becomes underlined.

- Button to download resume
- Skills menu - added interactivity. When you click on the skill you also have ability to see on which job this skill was applied

Bootstrap components used:

- Accordion for education and work experience
- Bootstrap carousel for projects
- Bootstrap grid layout for design
- Bootstrap navbar for navigation
