Iryna Slynko

Software Engineer Intern @ J.P. Morgan | Python | Java | JS, CSS, Node.js | SQL | Upskilling to Full-Stack Developer

Dublin

Summary

Grá for Technology, Coding and Solving Challenges. Final year computing student, specialising in Software Development / IT Management and on track for a 2:1. Ten months of experience in total as an Intern Software Engineer.

I have strong skills in Python, C# and SQL as well as learning Java, JavaScript, Node.js and Flask in current studies and upskilling to become a Full-Stack Software Engineer. I possess excellent communication, people and empathy skills with a Bachelors degree in Psychology. I am a great team player as well as initiative individual contributor.

My super skill? I love studying and improving, and inspire others to do so.
